Your Fountain of Life

Alkaline Jug

- HomePure Alkaline Jug with Cartridge

StayBalanced!

Alkalisied water for you and your family.

- HomePure Alkaline Jug Cartridges (3 pcs.)

- Antioxidant properties remove harmful free radicals and delay the signs of ageing.
- Hydrates the body 3 times faster than regular water.
- Improves the quality of water at a molecular level.
- Supplies minerals that boost metabolism.
- Stabilises and protects cells from harmful infection.

* BPA free certified by SGS

* Approved by the NSF and certified by the FDA

FIGHT AGAINST THE UNKNOWN FOE!

Acidity is one of the most common causes of health-related problems. The way we eat and drink, the lack of exercise, pollution, stress and all other negative emotions can cause high acidity levels. Acidity is like rust that slowly corrodes our body.

COMPOSITION OF THE ALKALINE FILTER

ALKALISE YOUR BODY WITH HOMEPURE ALKALINE JUG

HomePure Alkaline Jug alkalises your plain drinking water, turning it into mineral-rich, health-inducing water with antioxidant properties. Its alkaline antioxidant filter uses a new generation of special natural ceramics approved by NSF International for their alkalisng properties, improving the quality of water as it flows through the filter cartridge. These ceramic balls form a reaction with the molecular structure of fresh water, producing negative ions that counterbalance the body's acidity levels, allowing you to maintain a balanced internal pH essential to your well-being.

* For optimal performance, replace cartridge every 3-4 months or after every 180-200 litres of water alkalisied, whichever comes first.

* Recommended for use with HomePure 7-Stage Water Filtration System or HomePure Ease.

Disclaimer: *This is not a water filter.*
