CERTIFICATE

The Himalayan Crystal Collection™ has been evaluated and certified to have positive effect on the energy and harmony level in humans.

The energy content of the Himalayan Crystals can be judged as very good.

The Himalayan Crystals used in the Himalayan Crystal Collection™ are able to optimise or restore body's energy equilibrium.

Dr. med. Manfred Doepp is a member of the Board of the "German Society for Energy and Information Medicine e.V., Stuttgart

*Dr. med. Manfred Doepp is a reviewer of the following societies:
International Society on Systemics, Cybernetics and Informatics,
International Society on Computer, Communication and Control Technologies.*

Summary and Certificate derived from our „Life Energy Tests“

1. **Three operational fields of the “Himalayan Crystal Cross Pendant” (Verum) were tested: the effects on the net of the meridians (‘Chi’ energy and harmony), on the soma (organ functions and colloidal states), and on the vegetative nervous system (Heart Rate Variability to describe stress and the sympathetic and vagal nervous systems).**
2. **In single blinded and randomized tests two situations were investigated: 1) effects of a Placebo pendant, 2) effects of the Verum pendant, each one worn on the breastbone.**
3. **The “QuestNet Himalayan Crystal Cross Pendant” is able to improve energy and harmony and to balance the autonomous systems of the organism.**
4. **It can be assumed that the increases of energy and harmony and the improvement of the Vegetative Nervous System will reduce the negative environmental and civilization effects produced at present by our civilization. A harmonization of the systems of the organism takes place.**

Summary and Certificate derived from our „life energy tests“

- 1. Three operational fields of the “Himalayan Crystal Love Pendant and Earrings” were tested: the effects on the net of the meridians (‘Chi’ energy and harmony), on the soma (organ functions and colloidal states), and on the vegetative nervous system (Heart Rate Variability to describe stress and the sympathetic and vagal nervous systems).**
- 2. In single blinded and randomized tests two situations were investigated: 1) effects of a Placebo pendant, 2) effects of the Verum items, the pendants worn on the breastbone.**
- 3. The “QNet Himalayan Crystal Love Jewellery” is able to improve energy, harmony, tissue pH, organ functions, and to balance the autonomous systems of the body.**
- 4. It can be assumed that the increases of energy and harmony and the improvement of the Vegetative Nervous System will reduce negative environmental and civilization effects we all are suffering from. The most remarkable effect is achieved by a combination of the Love Pendant and the Love Earrings.**

Summary and Certificate derived from our „life energy tests“

- 1. Three operational fields of the “Himalayan Crystal Pendulum Pendant” were tested: the effects on the net of the meridians (‘Chi’ energy and harmony), on the soma (organ functions and colloidal states), and on the vegetative nervous system (Heart Rate Variability to describe stress and the sympathetic and vagal nervous systems).**
- 2. In single blinded and randomized tests two situations were investigated: 1) effects of a Placebo pendant, 2) effects of the Verum items, the pendants worn on the breastbone.**
- 3. The “QNet Himalayan Crystal Pendulum Pendant” is able to improve harmony and tissue pH, and to enhance the resistance on stress within the autonomous systems of the body.**
- 4. It can be assumed that the increases of harmony/information and the improvement of the stress tolerance and resistance will reduce negative environmental and civilization effects we all are suffering from.**

Summary and Certificate derived from our „life energy tests“

- 1. Three operational fields of the “Himalayan Crystal World Pendant” were tested: the effects on the net of the meridians (‘Chi’ energy and harmony), on the soma (organ functions and colloidal states), and on the vegetative nervous system (Heart Rate Variability to describe stress and the sympathetic and vagal nervous systems).**
- 2. In single blinded and randomized tests two situations were investigated: 1) effects of a Placebo pendant, 2) effects of the Verum item, the pendants worn on the breastbone.**
- 3. The “QNet Himalayan Crystal World Pendant” is able to improve the criteria of harmony and tissue pH values.**
- 4. It can be assumed that the increases of harmony/information and the positive mesenchymal effects will reduce negative environmental and civilization loads we all are suffering from.**
