

Olé

Olive Leaf Extract

Olive leaf extract is widely considered the ultimate natural defender of your immune system, containing 400% greater antioxidant capacity than Vitamin C, and up to 40 times more polyphenolics than extra-virgin olive oil.

PRODUCT DESCRIPTION

- Olé is made from olive leaf extract.
- The extract from olive leaves contains various trace elements that are vital to good health, including Vitamin C, iron, zinc, selenium, chromium, beta carotene, and a wide range of important amino acids.
- Olive leaf extract is well known to help maintain a normal and healthy cardiovascular system and assist in the maintenance of normal heart function.

KEY BENEFITS

- Supports your immune system.
- Minimises free radical damage to your body's cells caused by pollutants, prolonged exposure to the sun, poor diet, and substances such as alcohol and cigarettes.
- Assists the maintenance of good health year round with daily doses.
- Lessens the damage caused by oxidation, which occurs whenever we breathe in oxygen.
- Promotes normal heart function and a healthy cardiovascular system.

APPLICATION

- Pour Olé onto a teaspoon and consume straight from the bottle for quick and easy consumption.
- Drink plenty of water in between your doses of Olé.
- Add one teaspoon of Olé with your food or beverage; add only half a teaspoon for children.
- Store below 30°C to ensure the integrity of Olé.

I love Olé Olive Leaf Extract! It helps boost my immune system and it's great for hypertension. Olé is now my very own protection against the illnesses brought by the constant changing weather in the UAE. I take it twice a day and three times a day when I'm sick, which rarely happens now.
